

**A POINT OF
ILLUMINATION - V5**

**“Look at the
nations! Watch them
and be amazed and
shocked. I will do
something in your
lifetime that you
won’t believe even
when you are told
about it.**

**• A POWERFUL INSTRUMENT -
V7-10**

**They scare and frighten people.
They do what they want to
do and are good only to
themselves. Their horses are
faster than leopards and
quicker than wolves at sunset.
Their horse soldiers attack
quickly; they come from places
far away. They attack quickly,
like an eagle swooping down for
food. They all come to fight.
Nothing can stop them. Their
prisoners are as many as the
grains of sand. They laugh at
kings and make fun of rulers.
They laugh at all the strong,
walled cities and build dirt
piles to the top of the walls to
capture them.**

**A PUZZLING
INTRODUCTION -
V6**

**I will use the
Babylonians,
those cruel and
wild people who
march across the
earth and take
lands that don’t
belong to them.**

**A PERSONAL
INDICTMENT -
V11**

**Then they leave
like the wind and
move on. They
are guilty of
worshiping their
own strength.”**
